GRADE D

ACCESS CONTROL OFFICER

GRADE D

MODULE 1

BASIC FIRE FIGHTING

DO'S OF FIGHTING FIRE

- **Ensure that escape route is available**
- **Follow instructions on the extinguisher**
- **Break the seal and remove the safety device**
- **Check the unit (extinguisher) is operating properly**
- **Apply the extinguisher to the base of the fire**
- **Adopt a crouch position when approaching the fire**
- **Keep alert for any change in the fire pattern**
- **Switch off all electrical mains**
- **Ensure that fire is completely extinguished to avoid sparks rekindling**

THINGS YOU DON'T HAVE TO DO WHEN FIGHTING FIRE

- **Do not put yourself at risk by tackling a fire that is too big**
- **Never tilt or invert any extinguisher unless it is a turnover type**
- **Never walk on spillage areas**
- **Never turn your back on fire**
- **Never use an extinguisher that is not meant for a particular class of fire**

THE 5 BASIC CLASSES OF FIRE

Class A-Combustible Solids

Fires involving solid combustible material eg, coal, wood, paper, and plastic and textiles

Class B-Flammable Liquids

Fires involving flammable liquids and greases eg,alcohol,paraffin benzene and petrol

Class C-Electrical Fires

Class A,B,C,E fires occuring in the presence of live electrical installations eg,generators,electrical cables and switchboards

Class D-Combustible Metals

Fires involving metals such as magnesium,sodium,potassium,aluminum

Class E-Flammable Gasses

Fires involving metals such as methane,butane and propane

NAME TYPES OF EXTINGUISHERS AND INDICATE HOW TO RECOGNIZE THEM

TYPE OF EXTINGUISHER	LABLE (COLOUR)
Water (H2O)	Red
Carbon dioxide (CO2)	Black
Dry chemical powder (DCP)	Blue
Vaporizing liquid	Cream
BCF (Bromochlorodifloromethane)	Green

THE ELEMENTS OF FIRE

- **Fuel**
- **Oxygen**
- **Heat**
- **Chain Reaction**

METHODS THAT CAN BE USED TO STARVE FIRE

- **Close doors and windows**
- **Throw sand on fire**
- **Turn off all electrical mains**
- **Hose down hot walls, floors, and on fire**
- **Blanket pockets of fire with wet blanket**
- **Keep bystanders away**
- **Clear gates and paths for fire brigade officers**
- **Indicate location of fire to fire brigade officers**

WHAT MUST A SECURITY OFFICER KNOW WHEN HE ASSUMES DUTY IN TERMS OF FIRE FIGHTING?

- **He must know the whereabouts of firefighting equipment serving the area**
- **Fire alarm systems in the area**
- **Inspect the area for any fire hazards**
- **Know what to do in the event of fire**
- **Be aware of the common fire hazards e.g. light materials, textiles, dusts of all kinds, flammable oils and greases, flammable liquids, flammable gasses, heating processes, welding, ovens, electrical hazards like frayed lines or cords, coal piles, stored plastics**

MODULE 2

RADIO COMMUNICATION

LIST 3 DO'S OF RADIO COMMUNICATION(USE OF RADIO'S)

- **Keep radio/control room secured**
- **Use radio to transmit only official messages**
- **Handle radio with care**

- **Treat radio as technical equipment**

MENTION 3 DON'TS OF RADIO COMMUNICATION

- **Don't use abusive language over the radio**
- **Do not play music in the background**
- **Don't occupy the airwaves with unnecessary calls**
- **Don't expose the radio to sun, heat, water, dust**

MENTION THE PHONETIC ALPHABETS FROM A – Z

A –Alpha	**H – Hotel**	**O – Oscar**	**V – Victor**
B – Bravo	**I – India**	**P – Papa**	**W – Whiskey**
C – Charlie	**J – Juliet**	**Q – Quebec**	**X – X-Ray**
D – Delta	**K – Kilo**	**R – Romeo**	**Y – Yankee**
E – Echo	**L – Lima**	**S – Sierra**	**Z - Zulu**
F – Foxtrot	**M – Mike**	**T – Tango**	
G - Golf	**N - November**	**U - Uniform**	

WHY DO YOU USE PHONETIC ALPHABETS OVER THE RADIO?

- **Enable difficult words and names to be spelt correctly and understood**

HOW DO YOU UNDERSTAND THE FOLLOWING TWO-WAY RADIO CODES?

COMMON PHRASES

ROGER	**Message received and understood**
SITREP	**Situation Report**
MAYDAY	**Emergency Call**
OUT	**Message is complete, do not reply**
OVER	**Message is complete, I'm expecting a reply**
SAY AGAIN	**Repeat your message**
I SAY AGAIN	**I repeat my message**
RELAY TO	**Pass on message to**
ABBREVIATED CALL	**Unofficial domestic call signs used by individuals or companies**
CALL SIGN	**Call sign reflecting on radio license of a company**

THINGS TO CHECK BEFORE BOOKING OUT A RADIO

Antenna	**Condition of radio**	**Radio number**
Battery	**Switch**	**Volume**
Channel	**Squelch**	

THE PRINCIPLE OF GOOD VOICE PROCEDURES ARE DEFINED BY THESES KEY WORDS ''BASS'' AND ''RSVP''. WHAT DO THEY STAND FOR?

B – Brief	**Message must be brief and contain only important facts**
A – Accurate	**Details given must be clear and accurate**
S – Security	**Never transmit classified information unless disguised**
S – Speed	**Do not rush the message but be brief and concise**
R – Rhythm	**Use short phrases with pauses**
S – Speed	**Remember the receiver may wish to write down the message**
V – Volume	**Do not shout but speak slightly louder than normal**
P - Pitch	**Pitch the voice slightly higher than normal**

HOW WILL YOU ANSWER THE TELEPHONE IN A PROFESSIONAL WAY?

- **Identify the company you are working for**
- **Identify yourself by mentioning your name**
- **Greet the caller in a friendly manner**
- **Indicate that you are there to help and assist the person**

WHAT ARE THE GUIDELINES FOR MAKING A GOOD IMPRESSION OVER THE TELEPHONE?

Answer the phone immediately	**Nobody likes waiting on the phone**
Be easy to get hold of	**It is important to let people know you are out of office and when and how you can be reached**
What do you sound like to other people?	**Cheerfulness, clarity and tempo are important**
Be cheerful	**This makes the caller feel better and welcome**
Speak naturally	**The best telephone voice is your own voice so speak naturally. Do not change your voice**
Don't shunt the caller around	**Make sure you direct the caller properly**
Find out who the speaker is	**In a tactful way, let the caller identify himself**
Don't trust your memory	**Write message down, indicating time and**

THE COMMUNICATION PROCESS

- Waiting for a break in air traffic
- Establishing contact
- Sending the message
- Ending contact

Waiting for a break in air traffic
Never interrupt other traffic unless it is an emergence

Establishing contact
First identify yourself e.g. "echo this is delta – message –over" Response "echo – send meassage –over"

Sending the message
When you have established cointact, identify yourself by using your call sign then mention the other party's call sign. Everytime a message has been completed and a response is needed, end with the word "over"

Ending contact
End the transmission with the word "out"
Other stations on the net will know that the channel is open for new communication

MODULE 3

BASIC OCCUPATIONAL SAFETY

Definition of an accident

1. **An accident is defined as an- Undesirable- event often caused by - Unsafe Acts-and - Unsafe Conditions**

LIST BASIC CAUSES OF ACCIDENTS

- **Lack of knowledge**
- **Improper attitude**
- **Physical or mental defects**
- **Inadequate work standards / poor work standards**
- **Unsafe conditions**

NAME WAYS THAT A SECURITY OFFICER WILL USE TO RECOGNIZE SAFETY SIGNS

- **Shape**
- **Color**
- **Pictogram (picture)**

LIST CATEGORIES OF SAFETY SIGNS PROVIDED BY THE SOUTH AFRICAN BUREAU OF STANDARDS

- **General Information**
- **Fire Information**
- **Warning Information**
- **Mandatory Information**
- **Prohibitory Information**

STATE UNSAFE ACTS IN A WORK PLACE

- **Driving a forklift at a high speed in a work place**
- **Fooling, teasing and abusing whilst working**
- **Arranging items, equipment in an unsafe manner / way**
- **Failure to secure (thigh) machinery and materials**
- **Rendering devices inoperative**

LIST 3 UNSAFE CONDITIONS

- **Uneven floors**
- **Slippery floors**
- **Unsafe construction**
- **Poorly illuminated places**
- **Lack of guards**
- **Unsafe storage of hazardous substances**
- **Committing unsafe acts**
- **Creating unsafe conditions**

HOW ARE UNSAFE ACTS AND UNSAFE CONDITIONS REPORTED?

- **Report to the supervisor**
- **If no supervisor record in Occurrence Book (OB)**
- **Bring entry and recording to management attention.**

EXPLAIN IN DETAIL WHAT YOU MEAN BY GENERAL, FIRE, WARNING, MADATORY, AND PROHIBITORY INFORMATION

GENERAL INFORMATION

Has a square shape with a green background and a white picture
It provides information on Directional arrows, Emergency exit and First Aid signs

FIRE INFORMATION

Has a square shape with a white background, red border and red picture
It gives information as to the location of firefighting equipment

WARNING INFORMATION

Triangular in shape, yellow with black border and black picture
Warns you of a potential danger, hazard or radiation ahead or at a given place

PROHIBITORY INFORMATION

Circular in shape, with a white background, red border and red picture.
It stops or prevents individuals from doing certain activities in certain areas

MANDATORY INFORMATION

Circular in shape with a blue background and a white picture
It is a legal requirement that has to be obeyed

MODULE 4

PUBLIC RELATIONS

A security officer is the first to be seen by a visitor
If the visitor sees that the security officer is- sloppy-dirty and wearing- incomplete-uniform, the first impression of the -- company-and - security officer-will be- poor

BASIC WAYS OF REINFORCING RELATIONS WITH THE PUBLIC(FAVOURABLE IMPRESSION)

- **By being professional (image, pride, actions, communication)**
- **By rendering a good and efficient protection service at all times**
- **By paying immediate attention to each task that has to be executed**
- **By always being polite towards people.**

THINGS THAT THE SECURITY OFFICER MUST DO WHEN ADDRESSING A CLIENT

- **Be respectful**
- **Show concern**
- **Be helpful**
- **Be courteous**
- **Be tactful**

UNFAVOURABLE OR BAD IMPRESSIONS A SECURITY OFFICER MUST NOT EXHIBIT IN PUBLIC.

- **Exploitation – abuse of office**
- **Crude speech**
- **Incomplete uniform**
- **Rude**
- **Untidiness**
- **Incompetent**
- **Lack of respect**

MODULE 5

POCKET BOOK

REASONS FOR KEEPING A POCKET BOOK

- **To provide a permanent personal record on hours of duty and work performance**
- **For recording instructions, messages and incidents during course of duty**

- **To record details of found property**
- **To record particulars of fire, accidents suspicious persons and vehicles**
- **To record all arrests made**
- **To record all irregularities and hazards observed during the period of work**

MENTION GOOD WAYS OF MAINTAINING A POCKET BOOK

- **Must always be kept clean and tidy**
- **No pages must be removed or torn out**
- **Do not skip lines**
- **When an entry is wrong cancel neatly**
- **Never use tipex**
- **Use a black pen in making entries**
- **Do not erase, alter or change entries**

RECORDING OF INFORMATION

The security officer should be able to answer the following questions regarding incidents recorded in the Occurrence Book or his/her pocket book:
What happened and his/her involvement
Who else was involved?
When did it happen? (exact time and date)
Where did it happen? (exact location)
How did it happen?
Why it happened? (maybe unsafe acts or conditions)

WHY IS THE POCKET BOOK REGARDED AS AN OFFICIAL DOCUMENT OR A LEGAL DOCUMENT?(EVIDENCE IN COURT)

- **Used to remind particulars of a case to be used in court**
- **particulars of arrests and investigations to be used in court**
- **Serves as information aiding / assisting in investigation**

MODULE 6

ACCESS CONTROL

WHAT IS ACCESS CONTROL?

It is the application of systems and methods to control access, entry, and passage of people, vehicles and parcels in and out of premises

REASONS FOR ACCESS CONTROL

- **Who must have access and to which place / area**
- **How are they identified**
- **How are they monitored**
- **Egress procedure**
- **Observing all orders relating to access control**

FUNCTIONS OF ACCESS CONTROL

- **Supervising all entries and exits of all employees**
- **Regulating all parcels entering and leaving the premises**
- **Issuing of permits to authorized visitors**
- **Keeping a visitor's log book**
- **Conducting searches**
- **Maintaining records of all vehicles entering or leaving the premises**
- **Controlling of visitors and contractors entering and leaving the premises**

THE 3 'D' PRINCIPLES

DENIAL – this is the first line of defense and it includes all measures and aids that are used to prevent all unauthorized persons from entering the premises e.g. Gates, guards, fences, etc.

DETECTION – if the enemy or the adversary succeeds to break through the first line of defense, he has to be discovered to stop him from committing a crime

The use of dogs, guards, alarms, CCTV can help in this direction

DETERRENCE – the more barriers the lesser the chances of the intruder achieving his aim. This is a psychological deterrent which often turn adversaries away. e.g. fences, alarms, dogs, gates

AIDS THAT CAN ASSIST A SECURITY OFFICER IN ACCESS CONTROL

- **Fences**
- **Alarms**
- **Lights**
- **Locks**
- **Guards**
- **Safes**
- **CCTV**
- **Strong rooms**
- **Firearms**
- **Burglar proofing**
- **Electronic gates / booms**

DISCUSS DENIAL IN THE 3"D" PRINCIPLE

- **Deny access to all unauthorized people and vehicles**
- **Deny access to people without appointment**
- **Deny access to people with unregistered firearms**
- **Deny access to rude people**
- **Deny access to shabbily dressed individuals**
- **Deny access to people with criminal intentions**
- **Deny access to people on drugs**
- **Deny access to drunk individuals**
- **Deny access to all individuals and vehicles that do not any business to do on the premises**
- **Deny access to people with criminal intentions**

SECURITY KNOWLEDGE IS NEEDED IN ACCESS CONTROL

- **Task description**

- **Legal Aspects**
- **Permits and waybills**
- **Immediate Action Drills**
- **Powers of observation**
- **Behavioral patterns**
- **One official language**
- **Radio communication**
- **Emergency procedures**
- **Access and Egress procedures**
- **Utilizing available Aids**

ADDITIONAL MEASURES THAT CAN BE USED TO DENY THE ADVERSARY / ENEMY ACCESS TO THE PREMISES

- **Zoning / dividing the premises**
- **Security awareness programmers**
- **Escorting**
- **Burglar proofing of windows and doors**
- **Nobody to visit premises without proper appointment**

ACCESS CONTROL PROCEDURES

- **Greet the visitor**
- **Ask if you could be of help or assistance**
- **Ask him to identify himself by the use of ID document**
- **Determine who / what department he wants to visit**
- **Determine whether he has an appointment**
- **Determine if he has a firearm to declare**
- **Issue a receipt for firearm**
- **Put firearm away in a safe**
- **Search**
- **Complete visitors register**
- **Issue permit and arrange for escort**
- **Take permit back on leaving the premises**
- **Ask if he has any company property to declare**
- **Search**
- **Handover firearm**
- **Write time of leaving**
- **Thank visitor for his time and**
- **Wish him a safe journey**

MODULE 7

SEARCH PROCEDURE AND TECHNIQUES

GOLDEN RULES OF SEARCHING

- **Identify the person**
- **Ask permission**
- **Search systematically and thoroughly**

- **Put yourself in place of the person to be searched and determine where you would hide an article**
- **Be alert against any possible attack**
- **A search must always be done within the bounds of the law i.e. the CPA 51 / 1977**

THINGS TO LOOK FOR WHEN MAKING A SEARCH

- **Suspicious objects**
- **Weapons**
- **Precious metals**
- **Stolen property**
- **Drugs / liquor**

PLACES TO SEARCH ON A PASSENGER VEHICLE

- **Dashboard**
- **Behind dashboard**
- **Under seats**
- **Under movable mats**
- **Wind down windows**
- **Check all seats**
- **Pockets / cubby holes**

PLACES TO BE CHECKED ON A MOTORCYCLE

- **Petrol tank**
- **Toolbox or case**
- **Rubber handle's/grips**
- **Foot rest**
- **Lamps**
- **Mudguards and all hollow**
- **Tubular framework should be examined**

PLACES TO CHECK ON A COMMERCIAL VEHICLE

- **Between twin rear tire's**
- **Packing sacks or containers**
- **Drivers cab**
- **Along the chassis**
- **Under seat of the cab**
- **Inside of spare wheel**
- **Look for false bottoms in vehicles with wooden bodies**

PROCEDURES TO BE FOLLOWED IN ROUTINE CHECKS

- **Obtain permission to check**
- **Request person to stand with hands raised and legs apart**
- **Run hands quickly and thoroughly over the person's body**
- **Clothing should be rolled between the fingers to discover even the smallest object**
- **If a suspect, let him stand facing the wall, or vehicle with his hands on the structure.**

THINGS TO CHECK ON AN ID

- **Photograph – compare photograph in document with person**
- **Stamp – ensure stamp is genuine and original**
- **Condition of the ID document – check the date of issue against condition of document**
- **Avoid leading questions**

PROCEDURES TO ADOPT IN SELECTING COMPANY EMPLOYEES FOR SEARCHING

- **Don't discriminate against race, sex, religion**
- **Don't select the same person every day**
- **stay friendly**
- **Don't make jokes about the search**
- **SELECT THE PERSON THAT MUST BE SEARCHED**
- **GET HIS PERMISSION FOR THE SEARCH**
- **ESCORT HIM TO THE SEARCHING ROOM(CUBICLE)**
- **THERE MUST BE A WITNESS PRESENT**
- **ASK THE EMPLOYEE WHETHER HE HAS ANY COMPANY PROPERTY TO DECLARE**
- **IF HE ADMITS THAT HE HAS-ASK HIM TO PRODUCE IT**
- **IF NOT SEARCH HIM**
- **IF THE SEARCH IS NEGATIVE THANK HIM FOR HIS COOPERATION**
- **IF THE SEARCH IS POSITIVE ARREST HIM**

PROCEDURES TO FOLLOW BEFORE YOU SEARCH A PERSON

- **Request permission to search**
- **Ask if he has anything to declare**
- **Ask him to empty his pockets**
- **Then search thoroughly**

PLACES THAT HAVE TO BE SEARCHED WHEN SEARCHING A PERSON

- **Inside and outside of arms**
- **Front upper body**
- **Back upper body**
- **The stomach**
- **Inside the thighs**
- **Turn-ups of trousers, seams and padded areas**
- **Headgear must be removed and searched**
- **Overalls, coats, jackets and other clothing in the hand**
- **Around the collar and tie**
- **Around the belt**
- **The front and back of legs**
- **Lift trousers to inspect socks**
- **Under shoes (in front of the heels)**

SEARCHING A BRIEFCASE

- **Ask permission**

- **Ask owner to open own briefcase or parcel**
- **Check for false buttons and compartments**
- **Do not damage anything**
- **If anything suspicious report to supervisor**

HOW SHOULD A SEARCH BE DONE?

A search must be done decently and orderly

Decency is when a person is searched and orderly is when a property is searched)

NOTE:

- **A man can only search a fellow man with his consent but cannot search a woman even with her consent**
- **A woman can, however, search a man with his consent (interesting, isn't it?)**

MODULE 8

LEGAL ASPECTS

WHICH OFFENCES CAN YOU BE GUILTY OF, ACCORDING TO THE ROAD TRAFFIC ACT 29 / 1989 SECTION 123 WHEN YOU USE SOMEBODY'S VEHICLE WITHOUT HIS CONSENT?

- **Enter or climb upon that vehicle**
- **Start the vehicle**
- **Put it in gear**
- **Tamper with the machinery or any part of the vehicle**
- **Ride in or drive that vehicle upon a public road without permission**

SEIZURE OF ARTICLES – SECTION 20 OF CPA 51 / 1977

- **Articles concerned or used in the commission of a crime**
- **Articles intended to be used in the commission of the crime**
- **Articles that can afford evidence in the court of law**

SECTION 36 OF THE GENERAL LAW AMENDMENT ACT 62 / 1955

Any person who is found in-possession--of any --goods--other than stock or--produce, to which there is a reasonable---suspicion that they have been-stolen--and is unable to give a -reasonable-- account of such a possession, shall be---guilty-of an offence and liable on --conviction-- to the penalties, which may be imposed on a conviction of---theft--

SECTION 1 (1) OF THE GENERAL AMENDMENT ACT 56 / 1956

Any person who without a bona fide--claim-- or--right--and without the--consent--of the --owner--or person having control thereof, removes any--property--from the control of

the owner or any other person--competent--to give such consent, whether or not he intends throughout to return the--property--to the owner or person from whose control he removed it, shall, unless it is proved that such person, at the time of the removal, had reasonable--grounds--for believing that the owner or such person would have--consented--to such use if he had known about it, shall be--guilty--of an offence

CAN A PERSON USE ANOTHER'S PROPERTY WITHOUT HIS CONSENT?

No – Section 1(1) of General Amendment Act 56 / 1956 provides that no person may use another's property without his consent

REQUIREMENTS FOR SEARCHING WITH CONSENT TO BE VALID.

- **Person must be capable to exercise his will**
- **He must have the authority to consent**
- **Consent must not be against public morals**
- **Consent must cover the whole act**
- **Consent must be voluntary**
- **Consent must be given by a person who is not under the influence of drugs or alcohol**
- **Consent cannot be obtained through the use of force or a threat**

ANSWER THE FOLLOWING TRUE OR FALSE QUESTIONS

1. **A person who consents must not be capable to exercise his will**
2. **A person can give consent if he is not under the influence of drug or alcohol**
3. **if he has no mental defect**
4. **Consent can only be given by a person whose property will be searched**
5. **If a lady consents to a body search by a man, it will be regarded as valid**
6. **Consent to search cannot be withdrawn after the act has started**
7. **Consent must cover the whole act**
8. **Consent to search a briefcase is not consent to search a body**
9. **If a person consents to be searched by a specific person, another person can do the search**
10. **Consent must be voluntary**
11. **Consent can be obtained through the use of threats**
12. **Consent obtained through fraudulent means is valid**
13. **If a person does not understand the implications of the consent it shall be valid**
